

This decision by Sinclair Broadcasting to air only anti-Kerry material is alarming to me and sends a terrible message to all Americans that media consolidation can be used to challenge the very ideals we are supposed to honor.

I know that Sinclair uses the public airwaves free of charge, and is obligated by law to serve the public interest. But when large companies control the airwaves, we are subject to the editorial opinions of those in charge, rather than a more unbiased sampling of information. PLEASE know that the integrity of our unique way of life can be seriously undermined by large media corporations!!!

Sinclair's actions show why we need to strengthen media ownership rules, not weaken them. They show why the license renewal process needs to involve more than a returned postcard. Thank you
